**TODAY'S SPEAKER**

**Christina Moskos, Program Manager,  
Charleston County Environmental Management**

Christina Moskos is from Greenville, SC and is a graduate of the College of Charleston. Christina worked in corporate sales before becoming Charleston County's Recycling Program Manager. For the past seven years, she has worked with Charleston County businesses, schools, residents, multi-family complexes, and special events to aid them in achieving waste reduction and recycling goals.

## RECREATIONAL AND VOCATIONAL FELLOWSHIPS

From stamp collecting to wine appreciation, the hobbies of Rotarians are as diverse as the membership itself. Yet, among the more than one million Rotarians worldwide, an amateur-radio enthusiast or a chess player is bound to find others who share the same passions. But Recreational Fellowship members share more than just their common interest in sport diving or Esperanto; they share an interest in fellowship and service and in promoting world understanding. As such, it's no wonder that the International Skiing Fellowship of Rotarians donates the profits from ski events to The Rotary Foundation or that the Flying Rotarians help ferry medical personnel and supplies.

One has only to look at the types of Vocational Fellowships to recognize how they differ from their recreational counterparts. With Rotarians united by their shared professional interest in such fields as Hospital Administration and Finance/Banking, it's obvious that Vocational Service is as important a concern as international fellowship to the members of these groups. Members exchange technical information and seek opportunities to employ their expertise in service not just to their own communities and countries, but to their professions as well. For example, the Ophthalmology International Vocational Fellowship organized a professional seminar on the subject of eye surgery in developing countries.
