**COLLECTIVE INVESTMENT FUND FOR EMPLOYEE BENEFIT PLANS**

*What is the Sawgrass Collective Investment Fund?*

This Fund is maintained by Alta Trust and is designed to serve the investment needs of tax-qualified employer sponsored retirement plans. The Fund is not a mutual funds registered under the Investment Company Act of 1940 ("1940 Act"), as amended, or other applicable law, and unit holders are not entitled to the protections of the 1940 Act. The regulations applicable to a collective investment fund are different from those applicable to a mutual fund. The Fund's units are not securities registered under the Securities Act of 1933, as amended, or applicable securities laws of any state or other jurisdiction. In addition, the Fund's units are not publicly traded on any exchange or over-the-counter market and, as a result, the unit values are not available for publication in newspapers.

The unit values of the Fund will fluctuate and the value of the Fund will decrease or increase in accordance with market conditions. There is no guarantee that the Fund will achieve its investment objectives. Units in the Fund are not deposits or obligations of, or endorsed or guaranteed by, Alta Trust or its affiliates, and the units are not insured by the Federal Deposit Insurance Corporation or any other independent organization. The Fund is also subject to investment risks, including possible loss of the principal amount invested.

*Fund Trustee*

Alta Trust is a South Dakota state chartered trust company that provides retirement plan services to plan sponsors throughout the USA. In its capacity as Trustee, Alta Trust provides investment management, trust and custody services for the Funds.

*Investment Manager*

Sawgrass Asset Management, LLC is the "Investment Manager" as that term is defined in Section 3(38) of Employee Retirement Income Security Act of 1974 ("ERISA"), as amended, with respect to the Trust and any Plan investing in the Fund. All of the assets of the Fund will be invested according to corresponding strategy and investment guidelines described below.

*Who May Want to Invest*

The Fund may be an appropriate investment for investors seeking professional management of their retirement account assets.

**About Risk**

The Fund invests in Bonds. The Fund is subject to market risk, meaning that the value of the investments in the Fund may decline over time, causing a reduction in the value of the Fund.

Principal Investment Risks: As with all investment strategies, there is the risk that you could lose money through your investment in the Fund. Many factors affect a Fund's net asset value and performance. The following risks may apply to the Fund's investments.

Management and Strategy Risk: The value of your investment depends on the judgment of the Fund's Investment Manager about the quality, relative yield, value or market trends affecting a particular security, industry, sector or region, which may prove to be incorrect. Investment strategies employed by the Fund's advisor in selecting investments for the Fund may not result in an increase in the value of your investment or in overall performance equal to other investments.

Objective Risk: There is no guarantee that a Fund will reach its stated objective.

Limited History of Operations: The Sawgrass Collective Investment Trust and its associated Fund is a new offering and there is a limited history of operations for investors to evaluate.

Expense Risk: Prior to making an investment in a Fund, investors should carefully consider the expenses and how those expenses may reduce overall investment performance.

Market Risk: The market price of a security or instrument may decline, sometimes rapidly or unpredictably, due to general market conditions that are not specifically related to a particular company, such as real or perceived adverse economic or political conditions, throughout the world, changes in the general outlook for corporate earnings, changes in interest or currency rates or adverse investor sentiment generally. The market value of a security or instrument also may decline because of factors that affect a particular industry or industries, such as labor shortages or increased production costs and competitive conditions within an industry.

Fixed Income Securities Risk: The prices of fixed income securities respond to economic developments, particularly interest rate changes, as well as to changes in an issuer's credit rating or market perceptions about the creditworthiness of an issuer. Generally fixed income securities decrease in value if
