Dear Neighbors,

The Metropolitan Transit Authority (MTA) has proposed to construct a subway under Bel-Air. We are calling an emergency meeting for all residents on **Tuesday, March 24 from 6 to 8 pm at the Hotel Bel-Air.** This is a significant threat to Bel-Air, and the community must act together. Please join us to learn about MTA’s subway plans.

1) We have to stop this tunneling plan as an organized and unified neighborhood. We are all tired of the daily construction impacts, but now digging underneath Bel-Air? The only solution is to fight as a one community. The Bel-Air Association Board is prepared to wage war and protect our land and our property values.

2) We cannot act alone. It is imperative that we receive continued financial support from every household in our community to be able to support this effort while continuing our efforts on many significant matters.

We will send out an RSVP link next, as space will be limited. For questions, please call or email the Bel-Air Association office.

Sincerely,

Daniel Love           Marcia Hobbs
President               Chair
