

ANGELA SEALY AT THE CLINICAL STEERING WHEEL!

The Substance Abuse Foundation Inc. is pleased to announce the appointment of Angela Sealy to the most senior clinical role as Director of Clinical Services. Sealy assumed responsibility on April 1, 2017 and succeeded Jacqui Lewis, a co-founder and member of the Executive Team who retired from the Foundation effective July 1, 2017.

As Director of Clinical Services, Sealy will focus on continuing and improving our tradition of outstanding client care. She will have responsibility for providing clinical leadership, ensuring that clients continue to receive world class treatment and therapeutic services, including integration of the multidisciplinary team, individual and group clinical supervision, monitoring of quality trends and implementation of quality improvement initiatives.

In welcoming Sealy to the Foundation, CEO Marietta Carrington had this to say: “The Foundation is indeed delighted to have someone of Angela’s calibre and experience in the field of addiction and mental health lead our Clinical Services.

“Angela has over 40 years’ experience in the human services field with 15 of those years working with women, children and families. She has worked in many different clinical settings that include in-patient residential addiction facilities, out-patient, criminal justice entities and community-based mental health and addiction treatment centres. She has extensive experience using various methods of counselling modalities and working with clients/patients with co-occurring disorders.”

Sealy is a Barbadian who has lived and worked in the USA and Canada for most of her adult life before deciding to return to Barbados. Within the last several years, Sealy has held several senior level clinical positions the most recent being Clinical Justice Liaison in an US-based treatment centre with over 500 employees that housed 66 females and over 150 male clients.

Angela holds a Masters in Marriage and Family Therapy and is a certified Addiction Counsellor. She also holds an Associate Degree in Personnel & Industrial Relations, two Bachelor of Arts degrees – one in Liberal Arts and the second in Behavioural Studies. Over the years she attended many workshops, seminars, conferences and training fora, all designed to ensure that she remained at the cutting edge addiction and mental health treatment.
