AGENDA

(Updated on Feb 5, 2018)

7:30 – 8:30 AM **Registration/Breakfast/Networking Opportunity**

8:30 – 9:00 AM **Welcome and Introductions**
Speaker: Senator Kate Brophy McGee

9:00 – 9:45 AM **The Arizona Child Fatality Review Report:
Findings and Recommendations from the 2017
Report**
Speaker: Mary Rimsza MD

For more than 20 years, the Arizona Child Fatality Review Report has been analyzing child deaths in Arizona and making common sense recommendations for policy interventions. Dr. Rimsza will present the results of the 2017 report with a focus on consensus policy recommendations to prevent child mortality.

9:45 – 10:00 AM: **Break & Networking Opportunity**

Morning Breakout Session Topic: Preconception & Inter-conception Health: Preventing Prematurity

Educating women and their families before pregnancy is a critical first step to improving birth outcomes. Many women simply are not aware that a healthy pregnancy begins long before conception. Preconception health refers to helping a woman become as healthy as possible before she becomes pregnant, while inter-conception health involves helping a woman understand the importance of being healthy between pregnancies and the need to wait at least 18 months before becoming pregnant again to help optimize birth outcomes.

This Panel will explore best-practices underway in Arizona to improve preconception and inter-conception health to improve birth outcomes including reducing premature birth. Panelists will discuss preconception health strategies being implemented at a managed care plan, at the provider level and from a policy and population health perspective.

10:00 – 10:45 AM: **Morning Breakout Session 1**

There will be 2 sessions for the Morning Breakout. Participants can attend a total of 2 out of 3 for the Morning Session.

Afternoon Breakout Session Topic: Preventing Injuries: The Leading Cause of Death for AZ Kids

Injury remains the leading cause of mortality among children and teens. Child injury is predictable and preventable and is among the most under-recognized public health problems in Arizona. Leading causes of child injury include motor vehicle crashes, suffocation (e.g. sleep environments), drowning, poisoning, and falls.

Good progress has been made in preventing child injury in Arizona, and child injury death rates have decreased in the last decade, yet it remains the leading cause of death for children and teens. More can be done to keep our children safe. Our panelists (from a rural and urban perspective) will explore best practices, policies, and coalition work underway to stem the tide.

1:15 – 2:00 PM: Afternoon Breakout Session 1

There will be 2 sessions for the Morning Breakout. Participants can attend a total of 2 out of 3 for the Morning Session.

Panel will also include intervention strategies to prevent youth suicide.

4:15 – 4:45 PM: **A Call to Action: Influencing State Health Policy**
How Can YOU Impact State Policy Regarding Early Childhood?
Speaker: Dana Wolf Naimark, Children’s Action Alliance

Each year the Child Fatality Review Report develops a set of consensus evidence-based recommendations for policy makers to reduce early childhood deaths. Participants will learn how individuals and organizations can impact state policy on early childhood, including legislation. Participants will receive tools that can help them ensure their voice is heard by policymakers at all levels.
