To Whom It May Concern:

RE: Earthwalk / Frank and Karen Sherwood

Our foundation has had the pleasure of hiring Frank and Karen Sherwood to teach Native American skills to disadvantaged youths from Oregon to Maine. Frank and Karen have an incredible knowledge about nature and living with nature in harmony.

I have witnessed Frank and Karen transform kids that are depressed and disengaged to youngsters that are excited, engaged in thinking about their future. I believe that the programs our foundation has put on with the help of Frank and Karen will have a long lasting impact on the youth of our country.

Sincerely

John Schleining
President
