Virtual Reality for Employability Skills

Shailey Minocha and Ana-Despina Tudor
20 July 2017

3D virtual environments and virtual reality

- Second Life
- Virtual Skiddaw: 3D geology field trips (Unity 3D)
- 360-degree videos in the browser
- Virtual reality viewers
3D virtual geology field trip – Virtual Skiddaw

Other types of virtual reality

VR in health care

VR’s Healthcare Revolution: Transforming Medical Training at CHLA

Video: https://www.youtube.com/watch?v=4om8g0u9a4M

360 degrees video in Chrome

Ocean: A 360-degree tour of the mysterious, magical corals of Palau

Video: https://www.youtube.com/watch?v=jvtvFHPRcsY
Affordances of Google Expeditions

360-degree visual authenticity

Emphasis and In-situ contextual information

Single-user handling

360-degree navigation

First-person perspective

Synthesis

3D view

Simulation

Visualisation

Experiencing the invisible

Real places

"The virtual reality helped me because I could see for myself what was happening without having to imagine it."
Learning through simulations

The animation was very realistic; therefore, I could take more knowledge away from the lesson [...] these images can [...] help me explain about the respiratory system in a much larger amount of detail.

Local to global – and – global to local

It helped me to understand the Chilterns is an area of natural beauty compared to some places in the world. It helped me to feel more caring about the Chilterns.
A set of capabilities and achievements that support students in developing their careers, raising their aspirations and enhancing their contribution to society.

The Open University Student Employability Policy Statement

Virtual reality and employability
Virtual reality and employability

- Marketing in campaigns fund-raising
- Design and prototyping
- Risk-assessment training
- Continuing Professional Development
- Emergency and natural disaster management training
- Treatment of depression, loneliness, dementia
- Awareness of virtual reality technologies
- Sensitising to environmental issues
- Interviewing; team-working skills
- Healthcare education; forensic science education
- Teaching

The future

- Awareness learning and skills development
- Workplace usage
- Virtual reality

10/5/17
