To whom it may concern

I am pleased to write to you on behalf of Louisa Jackson. I had the pleasure of meeting Louisa Jackson earlier this year when I was looking for a residential property as my principal place of residence.

During my time looking for a property, I found Louisa to be a “cut above” other agents for the following reasons;

1. Local knowledge – Louisa was able to demonstrate a thorough knowledge of other recent local sales of equivalent properties. Louisa took the time to understand my requirements and was always helpful in providing a view of other comparable sales in the areas that I was looking;
2. Organised and Passionate with an attention to detail. Louisa has a passion for all her client properties showing a thorough understanding of the history of each property and was able to paint a clear vision on how each property could be improved or enhanced;
3. Tenacity and hard working – Louisa followed up quickly on all my areas of concern and was always available to address any challenging questions at any time during the day;
4. Marketing – Louisa has a natural inclination towards marketing and was able to show how to bring the best attributes of a property to the attention of buyers. Louisa’s has used her previous experience in media to her clients advantage, by positioning those properties in a unique and differentiated way to other comparable properties

I highly recommend Louisa. If you have any questions please don’t hesitate to contact me at any time on my mobile 0412 866 617.

Best regards
