Workshop Description

The Written Expression curriculum by Language Circle Enterprises focuses on the art of sentence and paragraph development, using multisensory activities and sequential instruction to develop the basic skills of writing. Activities center on 8 graphic symbols that explain sentence structure in a concrete manner. These activities evolve sequentially from simple to complex sentence-building, and ultimately to paragraph composition. The Framing Your Thoughts Sentence Structure program is a sequential and systematic method, designed to help students construct and design thoughtful and creative sentences. The Framing Your Thoughts Applied Writing program transfers sentence structure to paragraph development. This program can be used at any grade level in a Tier 1, 2 or 3 setting. The Written Expression curriculum is for grades K-6 and for older students who struggle with writing.

Learning outcomes include:
• Knowledge of the connection between FYT and the ELA MA common core frameworks
• Knowledge of sentence structure and paragraph structure as taught to students
• Knowledge of the various genres/text structures for writing as taught to students
• Knowledge of the stages of the writing process
• Knowledge of the use of rubrics for assessing writing and identifying teaching points
• Knowledge of the various graphic organizers available and their uses
• Understand the importance of vocabulary to writing.
