Lacal Equipment, Inc.

RETURN POLICY

Lacal's policy for parts being returned will be as follows:

Please check all boxes and skids to make sure you received all the parts on the packing sheet before signing for delivery.

If you need to return parts they must be returned within 30 days of purchase. Lacal may charge a restocking fee on returned parts.

All returned parts must have a return authorization number (RGA) assigned to the return. Parts returned without RGA will not receive credit.

All special order parts are non-returnable.

phone 1-800-543-6161

fax 937-596-5433

www.lacal.com

Lacal Equipment has been operating in Jackson Center, Ohio since 1982. A larger facility was built in 2006 at 901 West Pike Street. This larger facility (83,000 square feet) provides Lacal more space for engineering, manufacturing, fabricating and assembly areas as well as the warehouse.

These changes and Lacal's thirty years of technical knowledge will help our customers save money and help keep the customer's equipment dependable and reliable.

Please call our toll free number at **800-543-6161**, fax us at **937-596-5433**, or visit us at www.lacal.com. Also ask to be added to our mailing list to receive Lacal's current catalog that contains parts and information for your street and parking lot sweepers, mowing equipment, leaf collectors, snow plow and refuse trucks.

Our large inventory and engineering drawings of over 17,000 parts allows us to answer your questions and meet your parts needs.

Roger W. Detrick
President

All original equipment manufacturer's names, drawings, colors and part numbers are used for identification purposes only, and we are in no way implying that any of our products are original equipment parts. All parts are guaranteed to meet with your approval.

Terms & Conditions

We shall be excused and not be liable for the delays in shipment caused by customer's request, labor troubles, shortages of materials, damage to plant, governmental regulations, or other cause, similar of otherwise, beyond our control.

Merchandise manufactured or sold by us is limited to the purchase price of any merchandise proved defective, or at our option, to replacement of such merchandise upon its return to us after making a pro-rata charge for service rendered.

PRODUCT WARRANTY: All products sold by Lacal Equipment, Inc. are warranted to be free of defects in material and workmanship for a period of 90 days, provided that the part is used in a normal and reasonable manner. The 90 days period commences from the date that the part is received by the end user. If the product should fail to conform to any warranty outlined herein, Buyers Remedy shall be limited to replacement of the non-conforming products or parts thereof. Lacal Equipment shall not be liable for any damages, lost items, or other expenses that may result from defective parts, nor for the payment of any incidental or consequential damages including, but not limited to personal injury or property damage.

NOTICE: No product may be returned to us for credit without our authorization. All claims and/or adjustment requests must be made within 30 days after receipt of material. We hereby certify that these goods were produced in compliance with the Fair Labor standards act as amended and with the rules and regulations and order issued thereunder. We hereby certify that Lacal Equipment, Inc. is an equal opportunity employer in compliance with executive order and rules and regulation and relevant orders of the Secretary of Labor or as otherwise provided by law. All original equipment manufacturer's names, drawings, colors, and part numbers are used for identification purposes only, and we are in no way implying that any of our products are original equipment. All parts are guaranteed to meet with your approval.

Sweeping the web at www.lacal.com

Lacal Equipment Inc. is an aftermarket supplier of parts for street sweepers, rotary and flail mowing equipment, snowplows and refuse (garbage) trucks.

Over the years there was and still is a misconception that aftermarket parts are inferior compared to OEM (Original Equipment Parts). Lacal Equipment has been in Ohio since 1982 and we do know how to determine the difference in metals, hardness of metals, depth of hardness, critical dimensions, tolerance and also electrical and hydraulic problems.

Lacal Equipment has equipped itself with up to date engineering techniques including Faro Arm & Solid Works, modern CNC machining centers, and lathes, modern welding equipment, and state of the art powder coating processes.

Lacal Equipment has been reconditioning all models of street sweepers, rotary mowers, snowplow and various other road equipment since 1982, so Lacal Equipment does understand the importance of quality parts and quality workmanship.

Lacal Equipment warrants its parts and work to meet customer needs and satisfaction.

Lacal Equipment maintains inventory and all manufacturing and shipments are done in (1) location, 901 West Pike Street, Jackson Center, OH 45334. Call toll free 1-800-543-6161 and always get a real live response.

Curved Cleat Conveyor Belts

LSI082386

Pelican NP, NR, NS

LSI082387

Pelican P, SE, PW

LSI082388

Eagle E, F, FW

The Curved Cleat Conveyor Belt center loads the dirt hopper for a more even and consistent load. Operators will find this of benefit by allowing them to sweep longer between dumps. The new belt helps prevent spilling from uneven loads, and eliminates a second cleaning or customer complaints.

STREET SWEEPERS

ALL AMERICAN!

AllPro™

CENTER SWEEP STRIP SYSTEM

The #1 choice of sweeping professionals. The broom that's "Sweeping" the roads of America today. Individual polypropylene strips are mounted on a mandrel, forming a full size, densely bristled broom.

The All-Pro center sweep mandrel establishes a smooth even pattern, creating constant bristle contact with the sweeping surface. Fused polypropylene bristles do the digging and flicking necessary to remove heavy debris.

The superior 100% recycleable All-Pro Strip Broom achieves cleaner sweeping, and creates the most aggressive sweeping available on the road today.

You've tried the rest. Now try the best!

1 1/2" DIAMETER BOLT AND NUT SETS FOR MOTRIM MOWERS CUSTOMER ORDER FORM

DEAR CUSTOMER, THIS ORDER FORM WILL INSURE THAT YOU GET THE CORRECT BOLT SET YOU REQUIRE. IF YOU HAVE QUESTIONS OR SPECIAL REQUIREMENTS PLEASE FEEL FREE TO CALL US OR NOTE THEM AT THE BOTTOM OF THIS FORM AND FAX IT TO US. A SALES REPRESENTATIVE WILL CONTACT YOU PROMPTLY.
THANK YOU!

THE "L" DIMENSION IS THE REQUIRED DISTANCE BETWEEN THE BOLT HEAD AND NUT WHEN ASSEMBLED ON THE BLADE AND BLADE BAR. THIS DIMENSION DETERMINES THE BOLT TO BE USED TO ATTAIN THE MAXIMUM SHOULDER LENGTH FOR BEST WEAR RESISTANCE. NO OTHER DIMENSIONS ARE NECESSARY.

THE "L" DIMENSION IS SET BEFORE THE COTTER PIN HOLE IS DRILLED TO ASSURE PROPER HOLE ALIGNMENT AT THE CORRECT DISTANCE YOU REQUIRE.

Snow Plow Blade Protectors

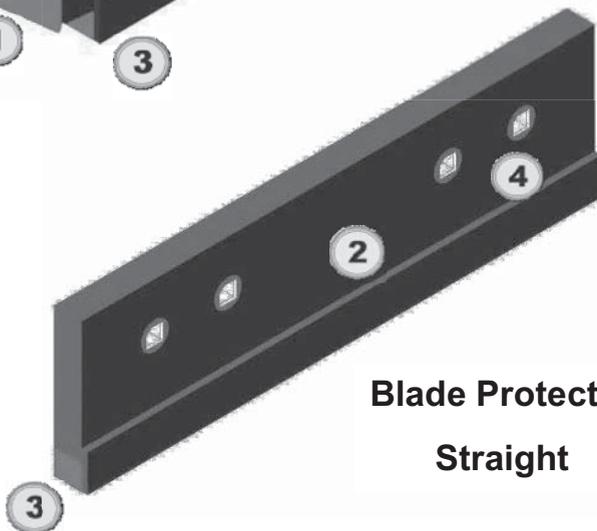

Call Us Today We Can Help!

(800) 543-6161 • Fax: (937) 596-5433 • www.lacal.com

**Blade Protector
Curved**

**Blade Protector
Straight**

Benefits of Blade Protectors

Reduced Maintenance Costs

Blade Protectors are designed to protect plow blades and to extend plow blade life.

Curve guards protect blade ends, while straight guards can be installed anywhere on the plow blade.

Reduced Blade changes

Blade Protectors are designed to increase plow blade life.

The longer your blades last, the more money you save on materials and labor

Blade Adaptable

Blade Protectors can be used with steel, carbide, and rubber plow blades. Can be installed on Front & Wing style plows

<p>1 End Protector</p> <ul style="list-style-type: none"> Protects blade & moldboard ends from curbs 	<p>2 Steel Plate</p> <ul style="list-style-type: none"> Long Wear Life 1-1/8" Thick 	<p>3 Carbide Hardfacing</p> <ul style="list-style-type: none"> Adds strength and durability to guard 	<p>4 Custom Fit</p> <ul style="list-style-type: none"> Custom drilled to maximize blade protection for your plow

Rubber Snow Plow Blades

Call Us Today We Can Help!

(800) 543-6161 • Fax: (937) 596-5433 • www.lacal.com

Call Today for Special Pricing!

Rubber blades will not damage brick streets, curbs, manhole covers, speed bumps, reflectors, etc...

SIZES:

Rubber Snowplow Blades are stocked in the following standard gauges: 1"x6", 1.5"x8", 1.5"x10", and 1.5"x12". Blade width selection is based on equipment and operating conditions. The following guidelines may be used to determine blade width: "V" plows, 12" width; front-mounted plows, 10" width; underbody-mounted plows and graders, 8" width.

LENGTHS:

The blades may be ordered, cut to any length, and slotted for mounting, to meet your exact specifications. Bulk users may order individual lengths or rubber blade stock in 50-ft. lengths.

BOLT HOLES:

Mounting holes may be slotted or drilled. Slotting is recommended to permit blade adjustment for maximum wear and service life. Drilling is acceptable in many applications where the blade is subject to an undue amount of pressure because of plow weight or abnormally high-crowned roads.

ADJUSTMENT:

It is recommended that rubber snowplow blades be adjusted to the type of equipment on which they are installed. Front-mounted plows that ride on casters or shoes perform best with a 2" over-hang. A1" extension beyond the moldboard is suggested for unsupported front-mounted, underbody-mounted plows, and graders. They're recommended whenever steel blades life is too short and/or blade maintenance costs are too high. Rubber blades are the ideal answer.

Ready to Be Cut and Punched to Your Specifications
Special Punch Pattern Orders Ship in 1-2 Days

Bulk Rubber Sizes Stocked:

- 1" x 6", 1 1/2" x 8", 1 1/2" x 10", 1 1/2" x 12"

A LETTER TO OUR VALUED CUSTOMERS

Lacal Equipment is recognized as the Nation's foremost supplier of replacement parts for virtually all makes, models and ages of street sweepers, rotary and flail mowers, snow plows, salt spreaders, leaf collectors and refuse trucks.

Lacal is both a manufacturer and factory direct supplier, thereby saving money and time for customers. Lacal's technical knowledge of these products helps customers to determine exactly what they need.

Lacal's engineering department, using the solid works format, accurately creates drawings for exact fitting parts. Our parts are exact copies of original equipment parts, and all are guaranteed to fit and work equally well. All of our painted parts are powder coated in a variety of colors. Lacal's low overhead, highly skilled work force can offer excellent quality, quick delivery and pricing that will be of great interest when compared with dealer prices.

Lacal has operated in Ohio for 32 years, growing into a totally new 100,000 square foot factory, office and research center in 2006. Lacal is well recognized today both in the United States and International sweeper parts market, presently selling in all 50 states and over 14 countries. Please contact one of our Regional Sales Managers for great deals on your replacement parts needs.
