Reasonable Accommodation for Applicants with Disabilities

The PHA will make a reasonable accommodation in the application and other policy requirements when requested in writing, by a qualified applicant with a disability. Reasonable accommodation includes helping an applicant meet application requirements, but does not require lowering or waiving essential requirements for eligibility. Accommodations are not reasonable if it requires a fundamental alteration in the nature of the program or imposes undue financial and administrative burdens on the PHA.

Notice to Applicants

Effective September 14, 2009, PHAs will have the ability to enter the following information into Enterprise Income Verification (EIV):

- Amount of debt owed by a former tenant to a PHA
- If applicable, indication of bankruptcy filing
- If applicable, the reason for any adverse termination of the family from a federally assisted housing program

This information will be used by HUD to create a national repository of families that owe a debt to a PHA and/or have been terminated from a federally assisted housing program. This national repository will be available within the EIV system for all PHAs to access during the time of application for rental assistance. PHAs will be able to access this information to determine a family’s suitability for rental assistance, and avoid providing limited federal housing assistance to families who either: (1) Owe a debt to a PHA; or (2) have previously been unable to comply with HUD program requirements.
