

Event Overview

The Samburu Project's WALK FOR WATER is an annual fundraising event to grow awareness of the worldwide water crisis and to provide access to clean water in Kenya.

The Hermosa Beach event traditionally includes 300 walkers who participate in a 4-mile walk or run on the Hermosa Beach strand between the Hermosa and Manhattan Beach Piers. Walkers are sponsored by friends and family to meet a minimum, personal fundraising goal of at least \$100. A celebratory pancake breakfast at American Junkie restaurant follows, with entertainment, games, raffle and prizes for top fundraisers.

You can watch a video recap of the event at www.thesamburuproject.org/videos

What began as a Southern California beach walk has grown into a national event.

Walks will be held in Atlanta, Boston, Chicago, Dallas, Denver, Detroit, Far Hills NJ, Fredericksburg, New York, Malibu, San Francisco and more. TSP welcomes walkers in additional cities to join the fun and be part of our global community. Contact Kiki Swanson (kiki@thesamburuproject.org) to get started with a fundraising walk in your town.
