Interns will work at the Noyes Museum at Kramer Hall (Hammonton) and the Arts Garage (Atlantic City). Assignments may include installation and de-installation of exhibitions; researching and writing about artists; working with digital collection database and archives; creating exhibition materials; event planning; docent training; marketing; social media; framing and sales. Students will keep a journal, write a research paper, and make a final presentation as required by the faculty sponsor.

### **Internships**

The Noyes Museum of Art of Stockton University presents exciting exhibitions, cultural events, and innovative programs in the arts. The museum is currently accepting internship applications for summer, fall and spring 2018-2019 positions. Interns acquire valuable, hands-on experience in the museum field, working closely with our professional staff in a dynamic work environment. Students gain knowledge about various aspects of museum work such as: administration, curatorial work, development, education, hospitality, marketing, public relations, and planning special events and community programs. Interns work in their area of interest and are offered a chance to make real contributions to the museum. This is an unpaid position.

### **Internship Objectives**

The Museum's objective is to provide interns with a meaningful educational experience where they can gain practical knowledge of the museum field and arts administration. This program is structured to provide opportunities to learn about aspects of museum operations, to work on a variety of projects, and to pursue educational goals and career plans.

### **Selection Process**

The Museum accepts students with a minimum GPA of 3.0. Interested candidates must fill out the application and email or mail it to Saskia Schmidt, Director of Education at [Saskia.Schmidt@stockton.edu](mailto:Saskia.Schmidt@stockton.edu). After receipt of the application, candidates of interest will be contacted to schedule an appointment for either a telephone or on-site interview. Upon acceptance to the internship program, interns will receive information outlining their start and end dates, hours of work and responsibilities.

### **Internship Information**

Internships can last from four months to one year, with exceptions for specific January and summer term projects. Interns are expected to work a minimum of 7 hours per week, with a set schedule, although they will need to be flexible. Some evening and weekend hours are required. Interns are encouraged to attend monthly events and activities outside of their project responsibilities.
