Founded in 1983, The Noyes Museum of Art's permanent collections, educational programs, and changing exhibitions serve as a local and national resource for schools, colleges, social and civic organizations and for individuals who are interested in expanding their understanding, appreciation, and knowledge of American culture through its fine and folk arts and crafts.

A registered 501(c) 3 non-profit organization, the mission of the museum is to provide the southern New Jersey region and its visitors with an opportunity to learn about, explore and experience the arts.

With locations in Atlantic City, Galloway Township & Hammonton, the museum’s galleries are also conveniently accessible to audiences in New York, Philadelphia and Baltimore.

The Noyes Museum formally became a part of Stockton University in 2016. Home to one of the area’s top performing arts centers, Stockton has its own art gallery, a growing visual arts program, and a Bachelor of Fine Arts degree has been added to the courses of study.
