

The 1 in 6 Petition Challenge: Get Involved

Find **six** people to sign your petition form. Send a message to the government that Albertans support public funding of infertility treatments

Today: **16,000** signatures

Goal: **25,000** signatures

76%

of Albertans support funding **in vitro fertilization** for good reason

- it will **save** Alberta healthcare dollars
- it will ensure better outcomes for moms and babies

See how...

Infertility is a medical condition with a highly effective treatment

Because of the high cost of current IVF treatment, families choose to transfer **multiple-embryos** in hope of increasing their chance to have a baby,

If IVF were funded, Alberta would **save**

\$78,000,000

in the first five years due to a reduction in multiple births

To the Legislative Assembly of Alberta:

We, the undersigned residents of Alberta, petition the Legislative Assembly of Alberta to urge the Government of Alberta to instruct Alberta Health and Wellness to include all medical treatments for infertility on its list of insured medical services. These insured medical treatments include ovulation induction, intrauterine insemination and in vitro fertilization including intracytoplasmic sperm insertion and preimplantation genetic analysis:
