

**January 14 Transylvania Mac Users Group (TMUG)
Meeting 9:10-12:00.
A great way to learn about your iMac, MacBook, iPad, or iPhone**

Isn't it great when someone shows you how to do something fun on your iPhone or other device....something entertaining or enriching?

At this meeting Deb, Carol, and Margarete will share ideas for using your devices for entertainment and enrichment.

Deb will talk about podcasts and how to enjoy them on long drives or while enjoying a cup of tea. Hear about Serial, RadioLab, This American Life, and other entertaining and enlightening shows.

Carol will talk about enjoying WDAV Biscuits and Bach on your porch without rewiring your home. How you can enjoy pictures of your grandchildren on TV. How 10 old friends created a slideshow on the fly at their reunion in Chicago. Entertaining AND low tech.

Deb and Carol will include the basic steps for setting up your device.

Margarete will tell us what life is like after 'cutting the cord' and ditching her cable subscription last spring. She will tell us how it has changed her viewing habits. What's working and what isn't.

And we hope you will share some of YOUR favorite ways of enjoying your devices.

Matt will be there to provide his always-entertaining News and Rumors after the presentations. And George will keep us on track when we need help on how things work.

All meetings are held at the Lutheran Church of the Good Shepherd directly across from Ingles supermarket.
