

TMUG Meeting July 8, 2017

9:10 AM-12:00 PM

Lutheran Church of the Good Shepherd
22 Fisher Road
Brevard, NC 28712

Boy, are we all in for a treat this month!

TMUG's own Jo Crebbin, a professional photographer, will do a very special presentation titled PEOPLE OF THE WORLD.

Jo will demonstrate how she uses her Apple devices and computers, as well as her cameras, to capture fun shots of people during her travels. But you don't have to be a pro to take advantage of the great information she'll share. Jo says everyone can adopt her helpful and inspiring tips.

If you know Jo Crebbin, then you're probably aware that she has spent her entire lifetime developing her creative talents. Her career spans teaching and television and video production. Not surprisingly, Jo has won hundreds of awards for creative excellence, editing, and videography. Her work has been seen on CNN, CBS, ABC, Inside Edition and PBS. In her latest incarnation, Jo supplies images for three digital stock photography companies, does lectures on photography, and exhibits her work in local galleries in North Carolina and Florida.

Come prepared to enjoy an excellent show. **And bring your questions about all things Apple - and especially about capturing candid shots at home and abroad.**
