The Pacific Association of Supreme Audit Institutions (PASAI) is the official association of government Audit Offices and similar organisations belonging to the International Organisation of Supreme Audit Institutions (INTOSAI). PASAI promotes transparent, accountable, efficient, and effective public sector management in the Pacific through: sharing auditing knowledge with, and providing support to, its members; and encouraging cooperation with other regional working groups and SAIs. PASAI's role: a) strengthening understanding, cooperation and coordination between its members; b) building and sustaining public auditing capacity across the Pacific; c) sharing knowledge and best practice; d) assisting its members to perform their auditing functions, including through cooperation and coordination on regional audit initiatives; e) promoting transparency, accountability, and the need for strong and independent SAIs, to governments and others in the Pacific region; f) encouraging co-operation with other regional working groups and SAIs.

PASAI's Strategic Plan 2014-24: Strategic Priorities
- Strengthen SAI independence
- Strengthen SAIs capacity to perform their mandate
- Strengthen the capacity and capability of PASAI’s member SAIs to perform their mandates
- Improve the quality of public sector auditing to uniformly high standards
- Strengthen the capacity of Pacific SAIs
- Promote the role of SAIs in the governance process
- Improve co-operation with other regional working groups and SAIs
- Strengthen understanding, cooperation and coordination between its members
- Support and promote SAIs to increase their relevance and visibility in society
- Build and sustain public auditing capacity across the Pacific
- Promote transparency, accountability, and the need for strong and independent SAIs
- Provide consultant support through to 2013

PASAI Structure
- Social regional cooperation and coordination
- Build and sustain public auditing capacity
- Develop and share best practice knowledge and experiences
- Support and promote SAIs

Looking Forward
- Review and implement the PASAI Strategic Plan 2014-24 and wider strategy
- Strengthen the role of PASAI in the region
- Develop the PASAI Strategic Plan 2024-2027
- Lay a foundation for PASAI’s future
- Secure funds and resources for PASAI
- Ensure that PASAI’s mandate is maintained
- Maintain and develop key relationships

The Original PRAI: 2008-2013
Developed from an ADB-funded study of the potential for a regional approach to improving the quality of public sector auditing in the Pacific region.
