

Options for the over 1 fabric thread stitching portions for all 12 snippets.

For those of you stitching on aida cloth, or for those of you that dislike over 1 stitching, I have designed some options for you. Note: it will not have the same detail as over 1 stitching can give you and of course will not look exactly like the model.

On the word 'Canada' the 'anada' is over 1 fabric thread on all pieces, the option you see here below may be used for all of your snippets, just adjust to stitch it in the right colour as will be noted on each chart.

The beaver I have given in 2 options: 1 in just a backstitch – I would do the outline in Pecan Pie. On the cross stitched one just fill in as noted, your choice whether you backstitch him or not.

The loon cross stitch as is.

The date will be backstitched in Blackboard.

The Fleur de Lys will be cross stitched as noted here.

To fit these in the same space, I tried to keep to the same space allotted for the over 1 placement. But I think it will just be 1 thread more or 1 graph box more in some cases.

Thank you for coming on this journey of Patriotic Stitching, may you enjoy it as much as I did designing it.
