

SHOWER INFO

How to use our showers: Step 1: Get wet. Step 2: Apply soap... JK! The showers are located around the back and are open daily from 9 ~ 6. Inside the shop buy a token for \$5 which is good for 8 minutes of water. A sink and a toilet are included in the deal. We will give you the key if there is a shower available or we will call your name over the loudspeaker as soon as one is ready. Your 8 minutes of bliss are measured by time not by water, so shutting off your water during your shower will not help extend your time. Please limit yourself to 20 minutes total in the room. Do not hand off the key to another waiting customer but bring it back inside so we can assure the line runs smooth. The showers are cleaned every morning. Not allowed: smoking, pets, and hair dye. No doing dishes or laundry in our sink. Hope to see your shining clean faces soon!
