

Scientists, engineers, and leaders who participated directly in the report, or who became aware of the report and asked to sign the letter “Convergence: The Future of Health.”

Fred Abernathy
Harvard University

American Institute of Biological Sciences

Ariel Amir
Harvard University

Kristi Anseth
University of Colorado at Boulder

Amanda Arnold
Square Set Strategies

Frances Arnold
California Institute of Technology

Sylvia L. Asa
University Health Network, University of Toronto

Dennis A. Ausiello
Massachusetts General Hospital

Jose L. Avalos
Princeton University

Demba Ba
Harvard University

Vikram Bajaj
GRAIL and Verily (Google Life Sciences)

Sangeeta Bhatia
Massachusetts Institute of Technology

Steven Block
Stanford University

Roger Brockett
Harvard University

John L. Brooks III
Healthcare Capital

Emery N. Brown
Massachusetts Institute of Technology, Massachusetts General Hospital, Harvard Medical School

John E. Burris
Burroughs Wellcome Fund

Andrea Califano
Columbia University

Arup K. Chakraborty
Massachusetts Institute of Technology

Jennifer Chayes
Microsoft Research

Steven Chu
Stanford University

Miyoung Chun
The Kavli Foundation

Todd Coleman
University of California at San Diego

James J. Collins
Massachusetts Institute of Technology, Broad Institute of MIT and Harvard, Wyss
Institute, Harvard University

Joseph DeSimone
University of North Carolina at Chapel Hill, North Carolina State University, Carbon Inc.

Robert Desimone
Massachusetts Institute of Technology

James DiCarlo
Massachusetts Institute of Technology

John Donoghue
Brown University

Finale Doshi-Velez
Harvard University

Frank Doyle
Harvard University

Sean R. Eddy
Howard Hughes Medical Institute, Harvard University

Andrew Ewald
Johns Hopkins University

Gabriele Fariello
Harvard University

Brian Farrell
Harvard University

Martin Fussenegger
ETH Zurich

Krzysztof Gajos
Harvard University

Sharon Gillett
Microsoft Research

Roy Gordon
Harvard University

Jeff Gore
Massachusetts Institute of Technology

Robert C. Green
Brigham & Women's Hospital, Broad Institute, Harvard Medical School

Melvin Greer
Intel Corporation

Barbara J. Grosz
