**Patent Coverage – U.S.:**

All MANUFACTURED PRODUCT(S) described below must be those of the first Named Insured’s (Unified Patents’) Small Company Members who are listed by name on Endorsement No. IPI D100d as Additional Named Insureds. Each Additional Named Insured shall be a new member that has complied with the first Named Insured’s membership requirements and has been accepted by the first Named Insured and who has not previously been a member with the first Named Insured.

The MANUFACTURED PRODUCT(S) are the following:

- 1) The products set forth in a separate Named Insured’s MANUFACTURED PRODUCT(S) list specifically identifying the Additional Named Insured and using a means of identifying its products e.g. by catalog, exhibit or other identifying description; and

For purposes of this definition of MANUFACTURED PRODUCT(S), “Small Company Members” shall mean any company whose overall annual revenue is less than \$20 MM measured year over year at the anniversary date of this Policy.

This Policy will only respond to allegations of INFRINGEMENT brought by Non-Producing Entities (NPE) which are deemed herein to be entities having the primary characteristic of deriving a majority of their income by asserting low quality patents to extort (i.e. cause the threat of future loss) settlement fees which are less than the cost of the associated patent legal defense.

This Policy will only respond to CIVIL PROCEEDING(S) alleging INFRINGEMENT by products which are the same as or include only insubstantial differences from the Insured MANUFACTURED PRODUCT(S) above.
