

ANDREW K. SHEPHERD

Designer, Student, Leader

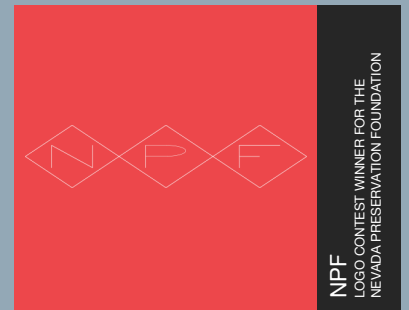

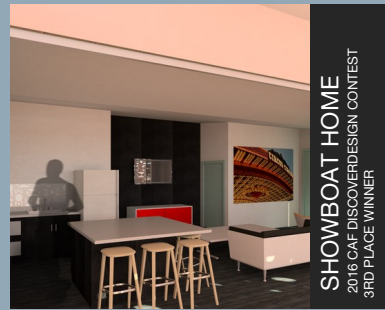

I'm interested in doing work that works.
I believe that we can build a better, cleaner world at the intersection of good design and civic engagement.

Quick portfolio

I'll try my hand at anything, but I love architecture, branding, and photography.

Experience

EDUCATION

Currently, I am a senior at Advanced Technologies Academy High School (A-TECH) in the Architecture program with a 3.6+ (unweighted) GPA and am an AP scholar. There, I've worked with laser cutters, gained 4 years of experience in AutoCAD and 2 years in Revit, some Adobe Photoshop experience, and some work in model-making.

WORK + VOLUNTEERING

Nevada Preservation Foundation

Helped to organize NPF's recent acquisition of architect Hugh Taylor's archive, helping to start the preservation of his unique impact on Las Vegas' cultural dynamic.

Clark County Election Department

This election cycle, I have volunteered to work as a computer clerk, helping to direct voters to their precincts on voting day.

Project Imagine

I helped to produce and direct an advertising video for Project Imagine, which helps children heal through art in hospitals.
