Audio Engineer | Percussionist

Professional Profile

I am an accomplished recording engineer, videographer and percussionist with production experience that ranges from sound for film, to wind and string orchestral ensembles, jazz-bands and combos, as well as new-traditional folk and indie rock music. As an artist and highly trained percussionist, my performance is deeply woven into emerging rock and folk bands in the Bloomington, Indiana community.

Relevant Recording Experience

The Magic Flute 2015

- Head record engineer during multiple nights of the Opera, The Magic Flute. This allowed me to oversee recording and mixing duties for the multi-track archiving process at Indiana University.

Double Exposure 2016

- Worked with a composer and independent filmmaker to produce the short film, *Hiroshima*.
- Recorded orchestral ensemble in Ford Hall, and also mixed the live performance at the IU Cinema.

Brent Wallarab Jazz Ensemble 2016

- Head Record Engineer for multiple performances of the Brent Wallarab Jazz Ensemble. This entailed working with my professors to choose the best stage microphone plot, which helped best serve the ensemble and produced the highest quality recordings.

Work Experience

Production Assistant Jacobs School of Music 2015 - 2016

- Oversaw concert archiving in Auer hall at the Jacobs School.
- Training of underclassmen in concert hall protocol such as: concert hall signal flow, PA, and proper meta-data file structure naming.

Primary Sound Studios - Internship 2016

- In the summer of 2016 I will complete my internship with Jake Belser at Primary Sound Studios
- Here I will gain further experience with studio maintenance, engineering sessions, and studio management.

Education

Indiana University 2011- 2016

Bachelor of Science in Recording Arts
Concentration in Telecommunications

Zionsville Community High-School 2007-2011

Core 40 Academic Diploma
