## **Cystic Fibrosis Victoria's Letter of Support**

I am writing to you on behalf of our supporters, **Brett Capron and the Peaks4CF bike riders**. Cystic Fibrosis Victoria (CFV) has provided approval for Brett to conduct fundraising activities, source and secure donations and sponsorship in support of the **Peaks4CF Cycle Challenge**, whereby they hope to raise much needed funds for CFV as well as increase awareness of cystic fibrosis (CF).

CF is the most common inherited, life threatening disorder in Australia; one child is born every 4 days with cystic fibrosis. CF is a seriously life limiting condition which affects mainly the lungs and digestive system. Currently, **there is no cure**.

***Brett is planning for the charity ride to take place on 12 March 2017 at Falls Creek***

**Cystic Fibrosis Victoria supports the efforts of Brett Capron along with all of the registered participants of the cycling event and gives them approval to raise funds on our behalf.**

**How can you help?** *Peaks4CF* is now seeking support from the community; you might like to consider donating to the fundraising efforts or sponsoring the event to ensure its success.

Alternatively, you may wish to donate an item, product or service that could contribute to the success of the event or their fundraising efforts.

Fundraising is no easy task, gaining support from friends, family and the wider community makes the world of difference to the success and makes the hard work all worthwhile. It also demonstrates a *community that cares*. Your contribution is deeply appreciated and will be recognised.

Your generous support will contribute to the success of Brett's fundraising efforts for Cystic Fibrosis Victoria, enabling our organisation to continue to deliver programs, services and support to those who need them, so we thank you in anticipation.

If you have any queries, or require any further information, please do not hesitate to contact me on 03 9686 1811 or [events@cfv.org.au](mailto:events@cfv.org.au)

Yours sincerely
