

VC Profile

Downing Ventures

Downing seeks capital growth by investing in a portfolio of 25-30 UK companies. They operate to create relationships strong enough to form the foundation of their investment community. Their aim is to promote the financial wellbeing of investors as well as promote startup ambitions. Over 35,000 investors have engaged with Downing resulting in them raising £1.7 billion to invest into businesses covering areas from renewable energy to care homes, reinvesting the knowledge they gain with each company into their next start up. They invest regularly in seed stage technology businesses within sectors including consumer internet, mobile and enterprise software. Downing looks for distinct firms seeking to invest between £100,000 – 1mil per company and to support them throughout their impending growth. They have previously worked with Baby 2 body, Craft, Hacka Job and Habu.
