Life Motto Assignment

The Secret Life of Walter Mitty

Life can be a crazy journey filled with adventure, unexpected turns, dips, and hills. We all make our way through this adventure in our own way but it’s about time we share with the world what our life motto is, similarly to how we see Walter embody Life’s motto throughout the course of the film.

Your task is to create a small artistic or creative piece demonstrating your life motto. Your life motto can EITHER be on original motto that you create, OR, a pre-existing quote that really speaks to you.

The way you present your motto could take many forms. Your motto could be presented as a short video, artistic piece (painting, sculpture, comic strip, dance, song, etc.), Photoshop project, hard-copy or digital poster, or a different medium of your choosing.

Your motto should...

- Be created (or selected) by you and be as inventive as possible.
- Speak to you! Be the QUINTESSENCE of your interpretation of life.
- Be organized as creatively and logically as possible, to give us a clear sense of your point of view on life.
- Be in a format that best suits you and your message.
- Include a written rationale.

You must include a RATIONALE of WHY you selected the life motto that you did. This must be one paragraph long and needs to explain your reasoning. Why did you choose this as your motto? How does it demonstrate your view on what is important in life? Be sure to hand this in with your motto.
