## Help Save Medicaid

Are you on Medicaid? Do you have a loved one on Medicaid?  
Do you serve Medicaid patients? Then we need your help...

Many of your fellow Alabamians don't understand the impact Medicaid has not only on their neighbors but on themselves. This is an effort to put a face on the word "Medicaid." People need to know that the decision to underfund Medicaid affects real people with real problems and real lives. This is your chance to make an impact on policy in Alabama. Use your voice!

Here's what you can do:

1. Print this sheet out or pick one up at your local physicians office.
2. Ask someone to take your picture holding the top half of the sheet.
3. Post this picture to all your social media accounts (Twitter, Facebook, Instagram, Snapchat) with the hashtag #IamMedicaid, a sentence or two about what Medicaid means to you and where you live.
4. Share this sheet with others and ask them to join the campaign!
