Sierra Nevada Aquatic Research Laboratory (SNARL)

DIRECTIONS

TO SNARL FROM THE NORTH

Take US 395 south toward Mammoth Lakes and Bishop, CA. Do not take the Mammoth Lakes turnoff (Highway 203) off 395. As you pass the Mammoth turnoff note the reading on your odometer. Proceed another 5.5 miles and you will see a small green church on the left side of the highway. Stay on 395 one-half (0.5) mile past the church and turn RIGHT on Mt. Morrison Rd. Proceed to the end of Mt. Morrison Rd. (ca. 1 mile) and you will be at SNARL.

TO SNARL FROM THE SOUTH

Take US 395 north to Bishop, CA. As you head north out of Bishop look for a Shell gas station at the junction of US 395 and Highway 6. Note the reading on your odometer and proceed north on 395. At 31.3 miles you will pass a turnoff signed "Crowley Lake Drive/Long Valley". The turn to SNARL, Mt. Morrison Rd., is the next turn on the LEFT, at 32.5 miles. Proceed to the end of Mt. Morrison Rd. (ca. 1 mile) and you will be at SNARL.

TO VALENTINE CAMP FROM SNARL

From SNARL return to US 395 and turn LEFT (north). Proceed 6.0 miles to the Mammoth Lakes turnoff, Highway 203. Turn LEFT on 203 and continue approximately 2 miles to the first traffic signal, Old Mammoth Road. Turn LEFT and stay on Old Mammoth Road for 2.2 miles. Valentine is on the RIGHT marked by a wood sign and a paved driveway leading to a gate. The gate is unlocked. The Caretaker, Cabot Thomas, lives in the first set of cabins on the left. The speed limit on the interior Valentine Road is strictly enforced at 5 mph.

Distances from Bishop to SNARL (starting from the Shell Gas station at Hwy 6):

Barlow signal 1.5 mi.

Crowley Lake Drive/Long Valley 31.3 mi.

Mt. Morrison Road 32.5 mi.
