United Purpose, the Hereford based International Development charity (formerly Concern Universal) deliver quality, extracurricular global citizenship projects, designed to inspire children to lead healthier, more sustainable lives and build a fairer future for all. Our approach is proven to: **Build Knowledge**...of local and global issues (such as food waste and nutrition, energy and the environment, health and hygiene) so that young people are informed about the key challenges facing their generation; **Develop Skills**... to be critical thinkers, strong communicators and become leaders in their school and communities, e.g. by leading their own community assemblies and school campaigns; and to **Strengthen Values**... to develop 'bigger than self' values of care, tolerance and respect; to be empathetic not apathetic citizens.

This is an opportunity to join part of an innovative programme where you will be working with an enthusiastic and motivated team of likeminded volunteers.

### What can we offer?

We will provide training and expenses to help develop you into one of our fully trained volunteers. Get involved in new project development, team socials and be part of an award winning international charity.

### What do we need from you?

We are looking for volunteers with experience in teaching or a strong interest in global citizenship to help us design / and or deliver HandsUP projects in the West Midlands and South West. You will join a team of 8 retired teachers and volunteers. We will provide training, resources and materials to support you through your volunteering. We are looking for passionate, positive and enthusiastic people to help us inspire the next generation of global citizens!

If you are interested in becoming a volunteer, please email [jo.davies@united-purpose.org](mailto:jo.davies@united-purpose.org) for an application form.

We would love to hear from you!
