Details!

The *Current Research in Metaphysics* speaker series will be included as a part of The Department of Philosophy's Fall Colloquium Series.

These talks will also be incorporated into Kathrin Koslicki's Philosophy 400/500 course (Fall Term 2014). Therefore the talks will take place during the time slot reserved for the seminar: Tuesdays from 17.00-20.00. Students enrolled in PHIL 400/500 will have a few special privileges including the opportunity to interact with the visiting speakers in a less formal setting.

Please consider enrolling in PHIL 400/500 with Kathrin, or just stop by for the talks!

More information as the scheduled dates approach.
