Yes                      No

If yes, describe: \_\_\_\_\_

**V. Do you process your cannabis into edibles or extracts that you would like to certify? *Circle One***

Yes                      No

## Envirocann Certification Contract

In applying for Certification with Envirocann, I agree to:

1. Comply with all applicable state and local regulations regarding cannabis cultivation, land use, water quality, environmental stewardship, and resource management.
2. Comply with and strictly adhere to all Envirocann standards, procedures, and policies outlined in the Envirocann Certification Guide, including but not limited to the following:
  - Be bound by all terms and conditions contained in the Envirocann Certification Guide.
  - Complete and implement an Envirocann Management Plan (EMP).
  - Permit onsite inspections with access to all applicable areas.
  - Maintain records for a minimum of five years, and allow access to all records.
  - Understand Envirocann may use subcontractors for inspections.
  - Understand that Envirocann may conduct unannounced inspections of my farm/facility.
  - Submit to Envirocann any applicable fees for inspection, and certification.
  - Understand that a \$30.00 non-sufficient funds fee will be charged for returned checks.
  - Understand that a 2% finance charge will be billed for overdue balances.
  - Immediately notify Envirocann of any potential crop contamination issues.
  - Immediately notify Envirocann of any environmental issue that arises.
  - Immediately notify Envirocann of any potential noncompliance with State regulations.
  - Immediately notify Envirocann of any potential noncompliance with environmental regulations, water quality standards, or local regulations.
  - Immediately notify Envirocann of any change in processes that affect compliance.
  - Immediately cease all claims of Envirocann Certification in the event certification is suspended, withdrawn, or revoked.
3. Understand that an audit will be performed on all crops from this operation, with required laboratory analysis for Envirocann II and Envirocann Organic certification, and in the event of detected contamination, the crop(s) can no longer be certified. A follow up investigation will be performed to determine the source and nature of the contamination. In the case that there has been intentional application of a substance that is not allowed on the crop, the producer will not be eligible to sell the crop or product as Envirocann Certified and must undergo the adverse action process as described in the Envirocann Certification Guide.

**Please attach and submit a check, money order, for the non-refundable application fee of \$750. Please note that your application fee will be deducted from your total annual fee.**
