# **CenterLight Healthcare Program of All-Inclusive Care for the Elderly (PACE) Provider Directory**

This directory provides a list of CenterLight Healthcare's participating providers.

This directory is for the Bronx, Kings (Brooklyn), New York (Manhattan), Queens, Richmond (Staten Island), Nassau, Suffolk, and Westchester counties.

This directory is current as of March 01, 2017. Some participating providers may have been added or removed from the list after this directory was printed. To get the most up-to-date information about CenterLight Healthcare PACE participating providers in your area, you can visit [www.CenterLightHealthcare.org](http://www.CenterLightHealthcare.org) or call our:

Member Services Department

1-877-226-8500

7 days a week from 8:00 AM through 8:00 PM

TTY users should call 711

## **Section 1 – Introduction**

This directory has a list of CenterLight Healthcare’s participating providers. It also includes information about how to get services with CenterLight Healthcare.

We call the doctors, hospitals, and home care agencies in this list “participating providers” because they have agreed to participate with CenterLight Healthcare to provide you with your health care services. A “participating provider” is a provider where you may get your services. Most of the time, services that you get are only covered if they are provided by CenterLight Healthcare at a PACE center or by a participating provider.

You can go to any of our participating providers listed in this directory. However, you must get approval from your CenterLight Healthcare Interdisciplinary PACE Team (“PACE Team”) before you get any services (except emergency and urgent care services as described in Section 5). Sometimes, you may get services from non-participating providers, but only if your PACE Team approves it first.

When you join CenterLight Healthcare, you will receive your basic medical care from a Primary Care Physician either employed by or contracted with CenterLight Healthcare. This care is provided either in your doctor’s office, or our modern medical facility within the PACE center where you may also receive social activities, meals and rehabilitation services.

If your current **Primary Care Physician** (PCP) is not listed in this book, CenterLight Healthcare can work with your current provider to join our network and remain your PCP. Your PCP must work together with your CenterLight Healthcare PACE Team as described below.

### **The PACE Team**

Your healthcare is planned and provided by a special team of doctors and other healthcare professionals who work with you and your family to give you the best care possible. We call them the Interdisciplinary Team, or the PACE Team. Your PACE Team includes these people:

- You and your family or caregivers
- Your Primary Care Physician
- Registered Nurse (your Care Manager)
- Social Worker
- Physical, Occupational, and Recreation Therapists

Your PACE team will work with you to help enhance your health and independence. The team will identify your health care needs and send you to additional specialists if needed. The team will create a plan of care with you and your family.

By enrolling in CenterLight Healthcare, you have made a decision to get all of your healthcare from CenterLight Healthcare and participating providers. You must also follow all of the rules outlined in your PACE Enrollment Agreement. If you have questions or need help, please call our Member Services Department at 1-877-226-8500 (TTY users should call 711).

### **What is the service area for CenterLight Healthcare?**

The counties in our service area are listed below.

- Bronx
- Kings (Brooklyn)
- Nassau
- New York (Manhattan)
- Queens
- Richmond (Staten Island)
- Suffolk
- Westchester

### **How do you find CenterLight Healthcare participating providers where you live?**

This Provider Directory is divided into separate sections for different kinds of doctors, agencies, and facilities. To help you find a provider, this directory is organized by county, specialty, and zip code (or type of provider). Your PACE Team can assist you to find a provider that can best meet your needs. Make sure to tell them if you think you need a service.

If you need help looking for a provider, you can call our Member Services Department at 1-877-226-8500, 7 days a week from 8:00 AM through 8:00 PM. TTY users should call 711.

### **What if you use non-participating providers to get covered services?**

**“Non-participating providers” are providers that are not part of CenterLight Healthcare.** If you use non-participating providers, you might have to pay for any services you get.

Healthcare services you get from non-participating providers will not be covered, except for emergency or urgently needed care.

### **What should you do if you have bills from non-participating providers that you think should be paid by CenterLight Healthcare?**

We cover certain health care services that you get from non-participating providers.

This includes care for a medical emergency or urgently needed care. If a non-participating provider asks you to pay for covered services you get in these situations, please contact us at 1-877-226-8500, 7 days a week from 8:00 AM through 8:00 PM. TTY users should call 711. You can also write to us at: CenterLight Healthcare, ATTN: Member Services Department, 1250 Waters Place, Tower 1 Suite 602, Bronx, NY 10461.

### **Getting care when you are traveling or away from the plan's service area**

If you need care when you are outside of the service area but within the United States or territories, your health care coverage is limited. The only services we cover when you are outside our service area are care for a medical emergency or urgently needed care. For more information about medical emergency and urgently needed care, see Section 5. If you have questions about whether a service is covered when you travel, please call Member Services at 1-877-226-8500 (TTY users should call 711) 7 days a week from 8:00 AM through 8:00 PM. Services received out of the service area must be authorized in advance by your PACE Team.

### **Can the list of participating providers change?**

Yes, CenterLight Healthcare may add or remove providers from our provider directory. To get the most up-to-date information about our participating providers in your area, you can go online at [www.CenterLightHealthcare.org](http://www.CenterLightHealthcare.org) or call our Member Services Department at 1-877-226-8500, 7 days a week from 8:00 AM through 8:00 PM. TTY users should call 711.

### **Your rights to access and participate in medical care**

- You have the right to choose a health care provider within CenterLight Healthcare's network and to get quality health care. Women have the right to get services from qualified women's health care specialist for routine or preventative women's health care services.
- You have the right to get emergency services when and where you need them without CenterLight Healthcare's approval. A medical emergency is when you think your health is in serious danger.
- You have the right to fully participate in decisions related to your health care. If you cannot fully participate in your treatment decisions or if you want to have someone you trust help you, you have the right to choose that person to act on your behalf.
- You have the right:
  - To have treatment options explained to you, to be fully informed of your health status and how well you are doing, and to make health care decisions. This includes the right not to get treatment or take medications. If you choose not to get treatment, you must be told how this will affect your health.

- To have CenterLight Healthcare help you create an advanced directive, a written document that says how you want medical decisions to be made if you lose the ability to make decision for yourself.
- To participate in making and carrying out your plan of care. You can ask for your plan of care to be reviewed at any time.
- To request a reassessment by your PACE Team.
- To be given advance notice, in writing, of any plan to move you to another treatment setting and the reason you are being moved.
- You have the right to talk with health care providers in private and to have your personal health care information kept private as protected under State and Federal laws. You also have the right to look at and receive copies of your medical records, and to request amendments to those records.
- You have additional rights that are fully described in your PACE Enrollment Agreement, including the right:
  - To file complaints
  - To leave the program
  - To get information and assistance

## **Section 2 – Your Primary Care Physician (PCP)**

### **What is a “PCP”?**

When you become a member of CenterLight Healthcare, your PACE Team will arrange all of your care. Your Primary Care Physician (PCP) is a physician who meets state requirements and is trained to give you basic medical care and works with your PACE Team. You will get your routine or basic care from your PCP. In most cases, you must see your PCP to get a referral before you see any other health care provider.

If your PCP is not listed in this book, please call Member Services Department at 1-877-226-8500, 7 days a week from 8:00 AM through 8:00 PM (TTY users should call 711) and they will help you to verify your PCP works with CenterLight Healthcare. More information about receiving covered services can be found in your Enrollment Agreement.

### **Getting care from your PCP**

Your PCP, along with the PACE Team, can help you arrange and coordinate your covered services. This includes x-rays, laboratory tests, therapies, specialists, hospital admissions, and follow-up care. Your PCP also contacts other participating providers for updates about your care and/or treatment. If you need certain types of covered services or supplies, your PCP and PACE Team must give approval before you get those services. Your PCP must notify and coordinate your care with your specialist.

### **How to change your PCP**

Your PCP is an important part of your PACE Team. If you want to change your PCP you may change your PCP for any reason, at any time. Your new PCP must be listed in this directory because these providers all agree to work with the CenterLight Healthcare PACE Team in arranging your care. You must talk to your PACE Team to change your PCP. To get help with changing your PCP, call our Member Services Department at 1-877-226-8500 (TTY: 711). Your Care Manager and PACE Team will make sure that you can safely change your PCP and continue receiving the other services you have been getting. Changing your PCP may require a change in your PACE Team.

### **What if your doctor or provider leaves CenterLight Healthcare?**

Sometimes a doctor, specialist, clinic, or other participating provider you are using might leave the plan. If this happens, you will have to switch to another provider who is part of CenterLight Healthcare. If your PCP leaves CenterLight Healthcare’s network, we will let you know, and help you switch to another PCP so that you can continue getting covered services.

### **Section 3 – Getting care from specialists**

There will be times when your PCP and your PACE Team think that you will need specialty services and they will arrange and coordinate these appointments for you. A **specialist** is a doctor who provides health care services for a specific disease or part of the body. Some examples of specialists are oncologists, who treat cancer; cardiologists, who treat heart conditions; and orthopedists, who treat certain bone, joint, or muscle conditions.

## **Section 4 – What if you need medical care when your PCP’s office or CenterLight Healthcare PACE Center is closed?**

### **What to do if you have a medical emergency or urgent need for care and your PCP’s office or CenterLight Healthcare PACE Center is closed**

#### **In an emergency, call 911.**

An emergency may be an injury or sudden illness that requires immediate medical attention. In an emergency, you can reasonably expect that if you don’t get immediate medical attention, you may seriously jeopardize your health, risk serious damage to organs or impairment to bodily functions. Some examples are:

Choking	Severe or unusual bleeding
Trouble breathing	Suspected poisoning
Serious broken bones	Suspected heart attack
Loss of consciousness	Suspected stroke
Severe burns	Convulsions
Severe pain	Prolonged or repeated seizures

You do not have to contact your PCP or CenterLight Healthcare to get prior authorization in an emergency. You can dial 911 for immediate help by phone, or go directly to the nearest emergency room, hospital, or urgent care center. For more information about emergency or urgent needed care, see Section 5. Your PACE Team is available 24 hours a day 7 days a week to assist you. If you are unsure if your condition is a medical emergency call our Member Services Department at 1-877-226-8500 (TTY users should call 711) and we will connect you with a PACE Care Manager who can help you 24 hours a day.

### **What to do if it is not a medical emergency and your PCP’s office or CenterLight Healthcare PACE Center is closed**

If you need to talk with your PCP or PACE Team, or get medical care when the PCP office is closed, and it is **not** a medical emergency, call your PCP’s phone number or your Nurse Manager’s phone number. If you have difficulty reaching your Nurse Manager, or your PCP during business hours, call your PACE Center, or call our Member Services Department at 1-877-226-8500 (TTY users should call 711) 24 hours a day, 7 days a week. There is always a health professional on call to help you.

For more information about what to do if you have an urgent need for care, see Section 5.

## **Section 5 - Getting care if you have a medical emergency or an urgent need for care**

### **What is a medical emergency?**

A situation is a “medical emergency” if **you reasonably believe that your health is in serious danger**. It means that every second counts. Some examples of “medical emergencies” are severe pain, a bad injury, a serious illness, or a medical condition that is getting worse.

### **What should you do if you have a medical emergency?**

If you have a medical emergency:

- Get medical help as quickly as possible. Call 911 for help or go directly to the nearest emergency room. **In any emergency, you never need to contact any participating provider, even your own PCP, for either permission (“authorization”) or referral.**
- However, as soon as possible, you or someone else should contact CenterLight Healthcare about your emergency. You can do so by contacting your PCP or Care Manager. You can also call our Member Services Department at 1-877-226-8500 (TTY users should call 711). CenterLight Healthcare needs to know about your emergency because will help you arrange follow-up care. Please try to contact CenterLight Healthcare about your emergency within 48 hours.

### **CenterLight Healthcare will help manage and follow-up on your emergency care**

It is important to know that every emergency has two stages.

When the doctors, or hospital, providing emergency care consider your condition stable, the first stage of the medical emergency ends. However, even after your condition is stabilized, you are still considered in an emergency situation and CenterLight Healthcare must still pay for post-stabilization treatment provided by the hospital (whether or not this hospital is a participating provider or not). This second stage of the emergency, after your condition is stabilized is call “post-stabilization.”

CenterLight Healthcare is responsible for your follow-up care. We will only pay for follow-up care after your emergency and post-stabilization if you follow the plan rules. Your PACE Team must coordinate the rest of your care.

### **What is covered if you have a medical emergency?**

- You can get covered emergency medical care whenever you need it.
- Ambulance services are covered in situations where other means of transportation in the United States would endanger your health.

## What if it wasn't really a medical emergency?

To have your plan pay for your emergency care, you do not have to be certain that it is an emergency. For example, you might go in for emergency care—thinking that your health is in serious danger—but the doctor may disagree and not consider this a medical emergency. If this happens, you are still covered for the care you received to determine what was wrong, if you thought your health was in serious danger, as explained in the section “What is a ‘medical emergency’” on page 9. However, please note that:

- If you get any extra care after the doctor says it was not a medical emergency, your plan will only pay for the extra covered care **if you got this care from a participating provider.**
- If you get any extra care from a **non-participating provider** after the doctor says it was not a medical emergency, we must still pay for it as “urgently needed care” only if you got this care “outside your service area.” Please read below how “urgently needed care” is defined.
- If you choose to receive extra care from a non-participating provider that is not an emergency or “urgently needed care,” then you must pay for this care yourself. The plan won't pay for this type of care. It is important that you work with your care team to arrange the care you need and deserve.

## What is “urgently needed care”? (This is different from a medical emergency.)

Urgent care is care you need sooner than a routine visit with your doctor or nurse but it is not an emergency. Urgent care can be received in your home, doctor's office or at an urgent care center. Some examples are:

Some broken bones  
Sprains  
Non severe bleeding  
Minor burns

Minor cuts  
Bruises  
Most medication reaction

Urgently needed care refers to a non-emergency situation where you are temporarily absent from the Plan's authorized service area but within the United States, you need medical attention right away for an unforeseen illness, injury, or condition, and it isn't reasonable given the situation for you to obtain medical care through the CenterLight Healthcare participating provider network. **Note:** Under unusual and extraordinary circumstances, care may be considered urgently needed when the member is in the service area, but the provider network of the Plan is temporarily unavailable or inaccessible.

## **What is the difference between a “medical emergency” and “urgently needed care”?**

The two main differences between urgently needed care and a medical emergency are in the danger to your health and your location. A “medical emergency” occurs when you reasonably believe that your health is in serious danger, whether you are in or outside of the service area. “Urgently needed care” is when you need medical help for an unforeseen illness, injury, or condition, but your health is not in serious danger and you are generally outside of the service area.

### **Getting care that you need urgently when you are in the plan’s service area**

If you have a sudden illness or injury that is not a medical emergency, and you are in the plan’s service area, please call your PCP, Care Manager, or PACE Center. There will always be a doctor on call to help you. If you have difficulty reaching your PCP, Care Manager or PACE Center, call our Member Services Department at 1-877-226-8500 (TTY users should call 711) 24 hours a day, 7 days a week. There is always a health professional on call to help you. Please remember that if you have an urgent need for care while you are in the plan’s service area, you should get this care from participating providers. In most cases, we will not pay for urgently needed care that you get from a non- participating provider while you are in the plan’s service area.

### **Getting urgently needed care when you are outside the plan’s service area**

CenterLight Healthcare covers urgently needed care that you get from non-participating providers when you are outside the plan’s service area but still in the United States. If you need urgent care while you are outside the plan’s service area, you should call your PCP or Care Manager. If you are treated for an urgent care condition while out of the service area, we prefer that you return to the service area to get follow-up care through your PCP and PACE Team. However, we will cover follow-up care that you get from non-participating providers outside the plan’s service area as long as the care you are getting still meets the “urgently needed care” definition and this care is coordinated with your PACE Team.

## **Section 6 – For more information**

For more detailed information about your CenterLight Healthcare provider coverage, please review your PACE Enrollment Agreement.

If you have questions about CenterLight Healthcare, please call our Member Services Department at 1-877-226-8500, 7 days a week from 8:00 AM through 8:00 PM. TTY users should call 711. Or visit [www.CenterLightHealthcare.org](http://www.CenterLightHealthcare.org).
