BARE BONES

Located in the heart of the Midlands with a workshop that is a permanent hive of activity, Bare Bones have been lighting up interiors for more than 30 years with their signature hand-spun shades in steel, solid brass and solid copper. These pendant lights in white, grey and copper have been exclusively created for BHS.com.

QUIRK

Husband & wife team, Chris and Jenny from South Devon, have been designing and making innovative drum lamp and light shades for more than a decade. The marble and terrazzo prints are BHS.com favourites and no home should be without one.

BESPOKE VERSE

Oxford University English graduate Joanna Miller set up Bespoke Verse after a poem she wrote on her wedding day was so popular she was asked to create more. BHS.com love the humour and warmth in her work, particularly the 'Stroppy Before Coffee' Mug and the 'Face Time' Makeup Pouch.

LAUREN ASTON DESIGNS

Knitting up a storm in Exeter, Lauren and her small team of knitters handcraft each piece using super soft Merino wool and giant knitting needles to make each piece a scaled-up work of art. These super chunky knitted throws and cushions take cosy elegance to the next level.
