SWITCH Adventure is a multi-generational mentorship program to develop leadership and life skills, to enable people to develop healthy lives. College students *provide* mentorship to 7th-9th grade students on 8 topics including passion/purpose, stress control, and healthy relationships, and they *receive* mentoring from adult advisors to further develop their leadership skills. We are seeking students to participate in projects on a team, to refine and future develop our:

Mentor Recruiting Development Plan

Refine and implement a plan to effectively recruit and develop college students to serve as SWITCH Adventure mentors to 7th-9th grade students.

Curriculum Development & Publishing

Help refine and complete the curriculum which SWITCH mentors will deliver to 7th-9th grade students, along with other curricular materials such as lesson plans, PowerPoints, video/digital content, and parent newsletters.

Marketing Plan

Help develop a marketing plan for SWITCH Adventures, including a content and social media strategy to maximize engagement.

SOLE Effects Mission is to
Grow Strong Leaders
through
Influential Role Models

“

SOLE Effects doesn't just hold awesome events, they change lives by investing in people.

Because of the opportunities they've given me, today I'm working to pursue my passion of media and make it my career.
