# BIOPHOS® PRO

## Systemic Fungicide

### *Broad Spectrum Biorational Fungicide*

- Environmental and User Friendly
- Effective Economic Control
- Multiple Diseases Controlled
- Unique Patented Technology
- Systemic: Foliar & Root Uptake
- No color, odor or stains
- No Aluminum ions

**BIOPHOS® PRO** is a unique new systemic fungicide with curative and protectant activity against many pathogens of nursery, greenhouse, and landscape ornamentals. It is quickly absorbed by plant foliage and roots. Once inside the plant, it turns on the natural defense mechanisms of the plant to resist invasion by disease causing pathogens. If diseases are already present, **BIOPHOS® PRO** controls many pathogens while protecting new growth.
