Manufactured for: **JAD Global Inc.** • P.O. Box 384 • Ponte Vedra Beach, FL 32004

NET CONTENTS: 8 ounces, 1 pint, 1 gallon, 2.5 gallons, 30 gallons, 55 gallons, 265 gallons

## PRECAUTIONARY STATEMENT

**DANGER:** Contact with eyes may cause irritation. This product may cause irritation to the skin. Inhalation of vapors or mists of the product may be irritating to the respiratory system. Ingestion of large amounts may produce gastrointestinal disturbances including irritation, nausea, and diarrhea.

**FOR SPILL:** Cover with absorbent or contain. Collect and dispose. Wear suitable protective equipment. Observe government regulations. Avoid runoff to waterways and sewers.

## DIRECTIONS FOR USE

Invigorate can be used on all types of soil. Invigorate is 100% biodegradable. Use Invigorate alone or combined with most fertilizers and pesticides.

**Soil Conditioner:** When used as a soil conditioner, an Invigorate application may give larger yield numbers at harvest. Invigorate can be mixed with most fertilizer and pesticide products.

**Plant Enhancer:** Invigorate allows plants to more effectively utilize nutrients. Invigorate facilitates the uptake of herbicides, insecticides, and fungicides. Invigorate improves the soil promoting the availability of nutrients aiding in seed germination and healthier plants.

**Plant Stress Reducer:** Invigorate assists plants during periods of drought.

**Application:** Invigorate can be applied by most spray systems and irrigation systems at 1 to 4 pints per acre in sufficient water. Drip irrigation or in furrow use is 1 to 2 pints per acre. Broadcast rate is 2 to 4 pints per acre in sufficient water.

**Tank-mixing Directions:** When tank mixing Invigorate with other products, read the entire label of each product being added to the mix and follow the most restrictive guideline applicable to your situation. Always check the compatibility of the tank mix using a jar test with proportionate amounts of Invigorate, other products to be used, and the water before mixing in the spray tank. Use a clear glass quart jar with lid and mix the tank mix ingredients in their relative proportions. Invert the jar containing the mixture several times and observe the mixture for approximately ½ hour. If the mixture balls-up or forms flakes, sludges, gels, oily films or layers; or precipitates, it is not compatible and do not use the combination in a tank mix. The products used in the tank mix must be registered for the proposed site. The user, applicator, and/or application advisor accepts full responsibility for using this product with any other product or application method not expressly authorized by this label.

**If using this product at greater than 2 pints per acre, irrigate with minimum of 1/4 inch of water immediately following the application.**

Prior to application, all spraying/mixing and application equipment must be cleaned. Carefully observe all cleaning directions on chemical product label.

## IMPORTANT

### CONDITIONS OF SALE AND LIMITATION OF WARRANTY AND LIABILITY

NOTICE: Read the entire Directions for Use and Conditions of Sale and Limitation of Warranty and Liability before buying or using this product. If the terms are not acceptable, return the product at once, unopened, and the purchase price will be refunded.

The Directions for Use of this product reflect the opinion of experts based on field use and tests, and must be followed carefully. It is impossible to eliminate all risks associated with the use of this product. Crop injury, ineffectiveness or other unintended consequences may result because of such factors as manner of use or application, weather or crop conditions, presence of other materials or other influencing factors in the use of the product, which are beyond the control of JAD Global, Inc. or Seller. Handling, storage, and use of the product by Buyer or User are beyond the control of JAD Global, Inc. and Seller. All such risks shall be assumed by Buyer and User, and Buyer and User agree to hold JAD Global, Inc. and Seller harmless for any claims relating to such factors.

To the extent consistent with applicable law, JAD Global, Inc. warrants that this product conforms to the chemical description on the label and is reasonably fit for the purposes stated in the Directions for Use, subject to the inherent risks referred to above, when used in accordance with directions under normal use conditions. This warranty does not extend to the use of this product contrary to label instructions, or under abnormal conditions or under conditions not reasonably foreseeable to or beyond the control of Seller or JAD Global, Inc. and Buyer and User assume the risk of any such use. To the extent consistent with applicable law, JAD Global, Inc. MAKES NO WARRANTIES OF MERCHANTABILITY OR OF FITNESS FOR A PARTICULAR PURPOSE NOR ANY OTHER EXPRESS OR IMPLIED WARRANTY EXCEPT AS STATED ABOVE.

To the extent consistent with applicable law, JAD Global, Inc. or Seller shall not be liable for any incidental, consequential or special damages resulting from the use or handling of this product and TO THE EXTENT CONSISTENT WITH APPLICABLE LAW THE EXCLUSIVE REMEDY OF THE USER OR BUYER, AND THE EXCLUSIVE LIABILITY OF JAD GLOBAL, INC. AND SELLER FOR ANY AND ALL CLAIMS, LOSSES, INJURIES OR DAMAGES (INCLUDING CLAIMS BASED ON BREACH OF WARRANTY, CONTRACT, NEGLIGENCE, TORT, STRICT LIABILITY OR OTHERWISE) RESULTING FROM THE USE OR HANDLING OF THIS PRODUCT, SHALL BE THE RETURN OF THE PURCHASE PRICE OF THE PRODUCT OR, AT THE ELECTION OF JAD GLOBAL, INC. OR SELLER, THE REPLACEMENT OF THE PRODUCT.

JAD Global, Inc. and Seller offer this product, and Buyer and User accept it, subject to the foregoing conditions of sale and limitations of warranty and of liability, which may not be modified except by written agreement signed by the duly authorized representative of JAD Global, Inc.
