**OLMSTED AWARD**

This year’s Olmsted Award was bestowed upon Charles Newman of Memphis for his more than 50 years of leadership in conservation and his role in providing access to and protection for the most prominent and beloved public landscapes in Memphis-Shelby County. The purpose of TNASLA’s Olmsted Award, named in honor of the founding father of Landscape Architecture, Frederick Law Olmsted, is to promote the ideals he established to ensure the health and enjoyment of the environment by all mankind. The award is given annually to recognize significant contributions in one of four categories: contributions to the profession in Tennessee, preservation of the landscape of Tennessee, enhancement of Tennessee’s physical environment, or landscape architectural education.

*Tennessee Chapter of the American Society of Landscape Architects is a non-profit dedicated to the advancement of knowledge, education and skill in the art of Landscape Architecture and the promotion of the profession of Landscape Architecture as an instrument of service in the public welfare.
