

# R360™

## Replacement In-Floor Cleaning Jets

*The R360™ line includes retro-fit infloor jets to make remodel or infloor upgrades both easy and affordable. The R360™ retro fit infloor jets are designed and manufactured to fit existing collars from our competitors such as Paramount PV3, Polaris Caretaker Bayonet, A & A Magna Gamma 3. All R360™ infloor jets are designed to operate on a ratchet system rather than random guaranteeing a more proficient and reliable cleaning pattern. The retro-fit jets snap and lock into the existing collars quickly and easily with the use of the R360™ jet removal tool which can be obtained from Blue Square™ Manufacturing.*

### R360™ Replacement Head Available Colors

## Update Your In-Floor System for Efficiency

*The Q360™ water valve brings a whole new efficiency to your antiquated system.*

- Reduce Pressure Swings
- Move 10-12% more water flow
- Eliminate noise and vibration
- Increase your cleaning radius as much as 14"

# Quality In-Floor Replacement Products
