Arkansas Community Colleges (ACC) is a non-profit association representing all twenty-two (22) public community colleges in Arkansas. The Association facilitates the sharing of ideas, resources and opportunities among its members, and advocates on behalf of members’ students. ACC has a long and successful history of collaborating with government agencies, educational institutions, private foundations and others on projects that improve the ability of member colleges to meet the needs of their students, as well as the needs of their local business and industry leaders. As a result, Arkansas is hailed nationally as a model for student success and workforce training initiatives.

Average annual tuition and fees are $3,437 for full-time students, less than half the cost of a 4 year university.

Additional, member colleges partner with hundreds of businesses each year to provide customized workforce training to Arkansans.
