

CITY GIRL

COFFEE CO.

Dear Store Manager,
I am a regular customer in your store and I request that you carry City Girl Coffee™.

CITY GIRL IS BRINGING AWARENESS AND EQUALITY TO THE COFFEE INDUSTRY.

The coffee beans are sourced from women-owned or women-managed farms. Many of these female growers are in charge, but they're not equal at all. They can't get loans and they have little authority or education. We want to change all that. A portion of every sale goes to organizations that support the success of women in their country of origin.

ROASTED IN DULUTH

City Girl Coffee™ is a women owned and operated company based in Duluth, MN.

I am sure this coffee will be a great item in your store.
Thank you for your consideration,

ORDER THIS COFFEE!
