

Frequently Asked Questions

Is BCA connected to BSSM?

Yes, BCA is a sister school of BSSM, and we work very closely together.

Can an International join BCA?

We are currently in the process of applying to SEVIS so we can accept Internationals. This process can take up to 2 years. Please bear with us and keep checking our website. You may have to do another year of BSSM, but that will be a bonus.

Is BCA accredited?

Our heart is to apply for accreditation; however, much like SEVIS, this can take up to 2 years from when the application process is started.

How long is the BCA program?

BCA is a 4-year program including 1 year of BSSM Redding. For BSSM alumni, the program is 3 years.

How much is tuition at BCA?

The annual tuition at present is \$10,000 per year with an estimated 10% increase annually. We are trying to keep the cost very competitive as most conservatories range between \$30-40,000+ per year. The prices may vary depending on the major, and any extra classes taken outside of conservatory hours will incur an extra charge.

Are financial aid and scholarships available?

We are currently looking into financial aid. Partial scholarships may be available to a select number of students depending on their ability and financial situation. Scholarships are subject to terms and conditions.

Will we be able to take classes during BSSM?

Absolutely. Students will be required to take a minimum of 1 class per week throughout the year to keep up with their training. These classes will predominantly be in the evening at an additional cost. We will be teaching a dance and drama AMT (Advanced Mission Training), but this doesn't count towards your 1 class per week minimum.

Will you be introducing other arts forms?

As we get established, we will be concentrating purely on acting, dance, and musical theatre with masterclasses in storytelling, filmmaking, and creative writing. Our heart is to see the school grow into all that God has called it to be.
