

## Office365 Login Information

Parents/Guardians:

We are pleased to announce that every MNPS student now has access to Microsoft Office 365. Office 365 is a cloud based solution that allows students access to their MNPS email, as well as the Microsoft Office Web Applications from school or from anywhere they can access the internet. This offering is unique in that the standard Microsoft applications (Word, PowerPoint, Excel, OneNote) are now available to students from any computer. There is no need for the full version of the software to be installed on the particular computer they are using. Everything is in the cloud – including their storage (1 Terabyte!).

Along with online access to the standard Microsoft applications, students may download the full Microsoft suite onto five computers for FREE! (Once a student leaves the district, the download will become inactive.)

Students can login to Office 365 using the information below.

**Website:** <https://login.microsoftonline.com/>

**Username:** [Student'sMNPSUsername@mnpsk12.org](mailto:Student'sMNPSUsername@mnpsk12.org)

(Example: [JohnSmith@mnpsk12.org](mailto:JohnSmith@mnpsk12.org))

**Password:** Student's password that is used to login to all school computers.

A short PowerPoint about how students access all Office 365 features can be found here: <http://tinyurl.com/StudentOffice365>.
