

First bell rings at 7:45. Students are tardy after 8:01

For the **safety** of our students and their family members:

- Please park **ONLY** in parking places and open lots.
- NO parking on the curb or grass along the driveway of building
- Students can only get out of cars in the drop off zone.
- Drop students off students on the far side of the school after driving around the building. Mr. Currie and Mr. Blackmon are there to safely stop traffic and allow the students to get to the sidewalk. Please do not drop off any students before 7:40. Please do not drop students off in front of the building in the bus lane.
- After school pick-up: Cars line up in two rows on far side of school, after driving around building. School staff will walk down the middle and get the names of students who have cars waiting for them. These students will be led down the middle of the line of cars in a "parade" to get to your car. Cars will be dismissed once all students are in cars and it's safe for them to move.
