

Afternoon Car Rider Dismissal

Dear Stratton Parents,

The safety of your children is the number one priority during dismissal. In order for that to happen we will need everyone's cooperation. Please follow the following safety procedures.

- 1. You must be in the car rider line to have your child released as a car rider.**
- 2. Please stay in your car.**
- 3. If your child does not come out of the building when the cars begin to load, please turn on your hazard flashers so we can locate your child (ren).**
- 4. Please stay in line and do not change lanes as cars are being dismissed. We will dismiss one lane at a time.**
- 5. Please follow the directions of the teacher in charge.**

Your car rider number card is attached to this letter. If there is more than one child in your car pool, they will have the same number. If there is more than one driver, then you will need to request additional number cards.

Please place the card on your rearview mirror.

Thank you for your cooperation and keeping our children's safety in mind.
