A Look Ahead

Mr. Ward's Class: In math class we will be studying fractions and their everyday use outside of the classroom.

Mrs. Gordon's Class: We will be studying the New South and Western expansion in social studies.

Ms. Loreman's Class: In English we will be continuing to study informational texts. We will also be working on research projects and the students will create their presentations.

Mrs. Yankee's Class: Our students will be studying human and natural disaster's impact on biodiversity, the environment, and fossils in science class.

Note from the TEACHERS!

WOW, what fun we have had since we all came back from fall break! Your kiddos really seemed rejuvenated and classes have been getting more and more exciting as the year continues. Our 5th graders are showing growth in their classes and their adjustment to middle school life. We are very proud and excited to be a part of this journey with you and your children. Thank you all for your support at home.
