● OFFERS BEFORE OR AFTER CARE

\* For students who live in the school zone.

## ADMINISTRATION

**Principal:** Lance High

**Assistant Principal:** Kimberly Bullock

**Counselor:** Latonya Winfrey

## ABOUT OUR SCHOOL

Diverse, vibrant, energetic, creative: These are just a few words that could describe the typical student at Amqui Elementary. Tucked back in the hills of Madison, Amqui puts individualized learning and social and emotional development at the center of everything we do. Our school proudly boasts an open-door policy, and we value parental involvement.

Our students receive small-group instruction throughout the day to ensure they master key skills and exceed state standards. They utilize technology and participate in hands-on activities designed to make them college- and career-ready. Our students also rotate through physical education, art and music classes in order to help develop well-rounded individuals. Unique to Amqui, our related arts rotation also includes a writing lab.
