* For students who live in the school zone.

ADMINISTRATION

Executive Principal: Dr. Keiva Wiley
Academy Coach: Nekesha Burnette

ABOUT OUR SCHOOL

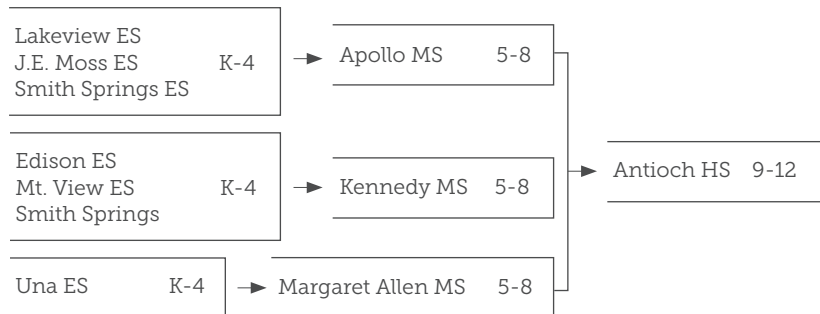

Home to approximately 2,200 students, Antioch High School provides a learning experience that matches that of a smaller, community school. As a STEM school, our curriculum places a focus on science, technology, engineering and math. Our mission is to create a learning environment structured around small learning communities that enhance personal growth and develop well-prepared graduates.

Our nationally recognized career Academies of Nashville bring life to our mission by preparing our students for post-secondary opportunities. Our Freshman Academy helps ease the transition between middle school and high school, while 10th- through 12th-grade students have access to real-world learning opportunities, training and certifications through our various academies and pathways. We also offer many academic programs focused on post-secondary success, including honors, International Baccalaureate, college prep and dual credit courses.

A TYPICAL DAY AT SCHOOL
