## ABOUT OUR SCHOOL

At The Cohn Learning Center, our mission is unique and so we look for unique ways to meet our goals. Encouragement, respect, kindness and acceptance: Those are just a few ways we support our students. Here we accept them as they are and work with them to offer them another chance at success.

An alternative to a traditional comprehensive high school, The Cohn Learning Center provides students with another option to pursue a high-school diploma. Our faculty and staff help our students achieve their goals through a number of innovative instructional methods, including online learning, project-based learning and technology-integrated instruction.
