ABOUT OUR SCHOOL

At Eakin Elementary, we have committed ourselves to lifelong learning, serving and growing. Our teachers aim to exceed expectations through empowering students to reach their fullest potential and incorporating teaching methods that satisfy different learning styles.

As an International Baccalaureate (IB) World School, Eakin uses an inquiry-based curriculum designed to foster intercultural understanding and respect. Eakin offers blended learning, which combines traditional classroom instruction with digital learning. We also have the Encore program to support gifted and talented learners.
